ALSO PRESENT: Brian T. Kunzi, J.D., Assistant Chief Deputy Attorney General

AGENDA ITEM 1

Call to Order - Arne D. Rosencrantz, President

The meeting was called to order by the board's President, Arne D. Rosencrantz, at 4:00 p.m.

Mr. Rosencrantz advised members that:

All three items on this agenda involve requests for training by either Nevada physicians training physicians from out-of-state or out-of-state physicians coming into Nevada to train licensed Nevada physicians.

Under NRS 630.047 (1) (c), out-of-state physicians licensed in the state in which they reside can come into the state of Nevada without the necessity for a license to obtain medical training approved by the board from a physician who is licensed in this state or to provide medical instruction or training approved by the board to physicians licensed in this state.

The requests of Bruce Hirschfeld, M.D. and Tyree Carr, M.D. were time critical, and thus the necessity for a conference call meeting if the board wished to accommodate these physicians. They have been required to post the cost the board will incur as a result of this conference call meeting. Neither request was timely received by the board, but the board is attempting to accommodate these physicians and their requests. With respect to the request of Tyree Carr, M.D., it should be noted that the board, pursuant to statute, cannot approve a physician licensed in a foreign country to provide training in Nevada. Approval is allowed for physicians licensed in states of the United States only.

The request of Sunrise Hospital was timely received, but has been added to this agenda so that approval could be sought and Sunrise Hospital could be notified of such approval without having to wait for the June board meeting.

AGENDA ITEM 2

Consideration of Request of John Bedotto, M.D., Division Chief of Cardiology of Sunrise Hospital in Las Vegas, for Approval of a Pacemaker Implant Training Course for Out-of-State Licensed Physicians to be Held at Sunrise Hospital Approximately Six (6) Times Per Year

Dr. Stewart moved to approve the medical training requested by John Bedotto, M.D., per NRS 630.047 (1) (c). Dr. Lubritz seconded the motion, and it passed, with the Chair voting in favor of the motion.

AGENDA ITEM 3

Consideration of Request of Bruce J. Hirschfeld, M.D., a Nevada Licensed Physician, for Approval of His Training Given by Julio Rodriguez, M.D., a Physician Licensed in Arizona, in an Endoluminal Stent Graft Treatment of Abdominal Aortic Aneurysm Procedure to be Held at Valley Hospital in Las Vegas on April 30, 2000

Dr. Stewart moved to approve the medical training requested by Bruce J. Hirschfeld, M.D., per NRS 630.047 (1) (c). Dr. Lubritz seconded the motion, and it passed, with the Chair voting in favor of the motion.

AGENDA ITEM 4

Consideration of Request of Tyree Carr, M.D. for Approval of the International Society of Cosmetic Laser Surgery, Inc.'s Training Session for Nevada Licensed Physicians to be Trained by Out-of-State Licensed Physicians to be Held in Las Vegas on April 30, 2000

Dr. Buchwald moved to not approve the medical training requested by Tyree Carr, M.D., as one of the physicians participating in the training session holds medical

licensure only in a foreign country and is not licensed in any state of the United States, per NRS 630.047 (1) (c). Dr. Lubritz seconded the motion.

Discussion ensued, with Dr. Lubritz moving to amend the motion to approve the training with the provision that the physician who is not licensed in any state of the United States participate only in the didactic portion and not in the hands-on portion of the training. Dr. Stewart seconded the motion, and it passed, with the Chair voting in favor of the motion.

AGENDA ITEM 5
Matters for Future Agenda

There were no recommendations for matters for future agenda.

AGENDA ITEM 6
Public Comment

There was no public comment.

ADJOURNMENT

Mr. Rosencrantz adjourned the meeting at 4:20 p.m.
